Fantastic photo! The frog from the fairytale. Perfect light and composition, beautiful colours. The leaf on the background completes the composition.

1. Johan Sundelin

Impressive action photo. Nice light. Not easy to shoot, because you have to get quite close to the birds and their strong beaks.

2. Maria Ferm

Very dynamic image, great composition and angle. The fish in the background and eggs on the right look nice as well.

3. Pekka Tuuri

Unprecedented photo. Extraordinary location. Strong colours.
